Diagnostic Ultrasound System

Compact. Versatile. Flexible.

**EDAN**

A world of potential

# U60 Diagnostic Ultrasound System

With its compact design, user-friendly workflow and advanced imaging technology, the U60 Diagnostics Ultrasound System offers a broad range of clinical applications to address all your imaging requirements.

## Compact design

- Compact and lightweight design facility mobility
- Built-in battery enables flexible imaging
- Large capacity data storage

## User-friendly workflow

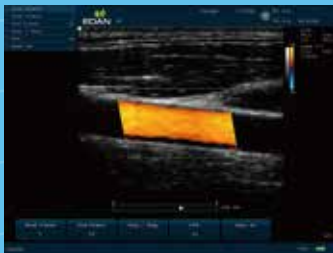

- Backlit, easy-to-use control panel
- User defined keys to customize workflow

## Comprehensive Clinical Application

The U60 Diagnostic Ultrasound System provides superb value and excellent imaging quality across a broad range of applications.

## Advanced Imaging Technology

- Tissue Harmonic Imaging
- Spatial Compounding Imaging
- Speckle Reduction Imaging
- Multi-Beam Technology

Carotid Artery

Four Chamber

Liver

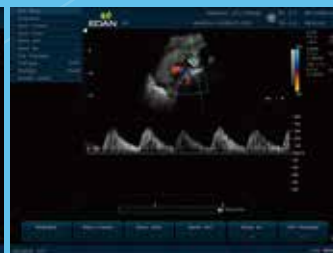

Median Nerve

Renal Artery

Spleen Artery

Umbilical Cord

Uterus
